**ASTM F 976-02  
 COMPLIANCE / CONFORMANCE CERTIFICATION STATEMENT  
 for  
 Portable Kerosene and Diesel Containers for Consumer Use**

DATE OF ISSUE:	July 11, 2008
REFERENCE No.:	2008-NOSPI-DI-5.00
ISSUE TO:	No-Spill Research, Inc. P.O. Box 11040 Kansas City, MO 64119
REPRESENTATIVE:	Mark Pierce President / CEO

**COMPLYING / CONFORMING PRODUCT(S):**

MODEL #	CAPACITY	DESCRIPTION
#1057/1457	5.0-GALLON	5.0-GALLON YELLOW DIESEL PORTABLE FUEL CONTAINER WITH NO-SPILL SPOUT

This Statement of Compliance / Conformance informs No-Spill Research, Inc. that their Non-Metallic Petroleum Based, Portable Fuel Container, Model #: 1057/1457 5.0-gallon Diesel, in the design and production release configuration as provided to TSG by No-Spill Research, Inc., conform to the requirements set forth within "ASTM International Designation: F976 - 02 Standard Specification for Portable Fuel Containers for Consumer Use" and its associated standards detailed within the specification.

This Statement of Compliance / Conformance is strictly limited to the products listed above and is applicable specifically to the design/production release configuration as tested by TSG. Any change(s) to the product without the express written approval from TSG in advance of the proposed change(s) nullifies and voids this Statement of Compliance/Conformance and the changed product is assumed to not meet the requirements of ASTM International Designation: F976 - 02 Standard Specification for Portable Fuel Containers for Consumer Use".

TSG does not perform manufacturing or engineering audits at No-Spill Research, Inc. to ascertain the design/production release configuration of these products when they are sold in the marketplace, makes no warranty on the products and will not be responsible for consequential damages of any type. In addition, limited testing was done on the yellow diesel container and that the addition of it to the report was based upon a guarantee from NO-Spill Research, Inc that it was identical in every way to the blue kerosene container except for the perceived color.
